

Lead-Based Paint Inspectors and Risk Assessors

The San Diego County Housing Authority does not endorse or recommend any lead-based paint inspector(s) or risk assessors on this list and the selection of an inspector is the sole responsibility of the homeowner(s). These inspectors have indicated they are willing to provide services to clients participating in programs with the San Diego County Housing Authority, and perform required activities pursuant to HUD accepted methods.

The Housing Authority will pay up to \$150.00 for the first clearance examination and up to \$350.00 for the first risk assessment.

Owners participating in the programs are not restricted to this list and may obtain lead inspection services from other certified lead-based paint inspectors and risk assessors.

Order a Clearance Examination or Risk Assessment By:

1. Calling the company you have selected;
2. Requesting a **clearance examination or risk assessment**.

After the payment is made for services, submit copy of the paid invoice to your housing representative for reimbursement up to the maximum allowed amount.

UNINCORPORATED COUNTY

Owners with units in the unincorporated County, who would like to apply for financial assistance in making corrections to their units, should contact Sharon Ford at (858) 694-4825. Sharon Ford is administering a grant that pays for the testing of children under the age of six, risk assessments, elimination of lead hazards, and clearance examinations for eligible units with low-income families.
